SUMMER 2012

July 12, 2012

Dear Colleagues,

July 13, 2012 is my last day working in college health as I will be returning to nursing education on a full-time basis. I have been hired by TJU as an assistant professor for graduate nursing.

I have resigned my position as president of SPCHNA as I believe that your leaders should be totally committed to the specialty of college health. Yes, some would argue that college health is not a “specialty” but we all know differently.

Thank you all for enriching my life and making my time in college health very rewarding. Your shared experiences and your commitment to students always kept me motivated to provide better services. Special thanks to Robyn Spragins for stepping up into the role of SPCHNA president.

Sincere good luck and health to all of you. May you all be blessed. You are all special!

Most sincerely, Karen Dahlquist
